

...saved more money to the...  
...in interest than the difference...  
...and what they were sold...  
...and that the Territory gained by the...  
...transaction, and that at the time the...  
...bonds were sold it required extraordinary...  
...effort to sell them at any price...  
...on account of the attack made upon the...  
...territorial credit by the present adminis-...  
...tration, and that the bonds were sold for...  
...an exceptionally high figure under the...  
...circumstances. The administration...  
...editor knows all this, yet he wilfully...  
...seeks to mislead the public and he con-...  
...sistently tries to connect the last republi-...  
...can federal administration with the...  
...local issues of this campaign. His ob-...  
...ject is two-fold, first to work off his...  
...policy against people who are his superi-...  
...ors in every way, and second to divert...  
...the attention of taxpayers from the pro-...  
...posed appropriation jobs which himself...  
...and master are preparing for the 14th...  
...Legislature. Neither scheme will work.

GERONIMO AGAIN.

In the New York Herald of October...  
...we find the following paragraph:  
..."The desire of the president to treat...  
...renegade and marauding Indians to the...  
...same dose which is administered to re-...  
...fractory and marauding white men meets...  
...the approval of the people. In the case...  
...of Geronimo, General Miles has ap-...  
...parently balked the president's purpose...  
...A man who makes murder his business...  
...is not to be treated tenderly because he...  
...has a red skin. Geronimo knew what...  
...he was about and he knew the penalty...  
...and it is a great pity that the conditions...  
...of his surrender make it impossible to...  
...try him for his crimes. Some one has...  
..."banded."

In conversing with officers who were...  
...present at the surrender of Geronimo...  
...they emphatically state that Geronimo...  
...surrendered absolutely, and that General...  
...Miles would grant none of his requests...  
...or make any conditions, and Geronimo...  
...fearing that he would be assassinated, as...  
...Mangus Colorado had been by his cap-...  
...tivity, General Miles told him that he...  
...would not be murdered by the officers or...  
...men of his command, but that he must...  
...surrender as a prisoner of war and not...  
...under treatment, and that his future would...  
...rest entirely with them. Such being the...  
...case, if President Cleveland considers it...  
...fair and just, to administer to Geronimo...  
...the same treatment that was inflicted...  
...upon white men for the same crimes, there...  
...seems to be nothing to prevent him...  
...in the terms of the surrender. But if...  
...Geronimo is treated in this way why...  
...not his equally guilty companions, Chat-...  
...ta, Natchez, and the rest, and by the...  
...same analogy also Spotted Tail, Rain-...  
...face, Sitting Bull, Chief Joseph and all...  
...the rest of these redheaded marauders?  
...If a dose of his own medicine is ad-...  
...ministered to Geronimo, why should not all...  
...the rest be treated the same? Are they...  
...any less guilty than they should be?

Then again, how is the president to...  
...accomplish this end?  
...The only way apparent to us would be...  
...to turn them over to the civil authori-...  
...ties of New Mexico or Arizona. Presum-...  
...ing this course was followed, where in...  
...the two territories could a jury be found...  
...of men who could swear they were un-...  
...biased and unprejudiced as to these In-...  
...dians? Or, if a jury were impeached...  
...where are the witnesses of the murders...  
...and where are the men who would have...  
...the courage to return any verdict but...  
...guilty, no matter what the evidence was?

Such a trial would be a parody on jus-...  
...tice.

Then again, if we treat Geronimo as a...  
...murderer, and apply the law as to any...  
...citizen, what right under that law would...  
...we have to exile all his people? and that...  
...to us who live in the two territories is...  
...much more of a gain than the mere pun-...  
...ishment of one savage.

Another consideration should also be...  
...borne in mind, that this is probably not...  
...the last or only Indian war we shall en-...  
...counter, and if the Indian becomes implan-...  
...tation among the Indians, that any Indian...  
...who surrenders is sure to meet his death...  
...he will naturally conclude to stay out of...  
...the war path, and kill, murder, and slay...  
...if he is killed himself. However edifying...  
...such a course might be to the authori-...  
...ties at Washington, it would be no source...  
...of amusement to the settlers on the...  
...border who would have to suffer. It is...  
...difficult for us to conceive how this...  
...Apache Indian war could have been termi-...  
...nated in a wiser or more satisfactory...  
...manner. The whole hostile tide are...  
...moved out of the way of doing harm for...  
...all future time, and that being accom-...  
...plished we care little what they do with...  
...Geronimo and the rest, so long as they...  
...don't send any of them back here; and...  
...we would like to respectfully suggest to...  
...the administration, who seem bent on...  
...evolving some new theory for solving the...  
...Indian problem, that if anything of that...  
...sort is attempted, the aforesaid Indians...  
...will get very far into New Mexico before...  
...they will be converted into "good In-...  
...dians" of the most superlative quality.

Though it really makes us quite weary...  
...to have again to refer to the subject, why...  
...may we ask, do not the authorities pub-...  
...lish General Miles' report? and as they...  
...seem bent on making a mystery of it, we...  
...think General Miles owes it to himself...  
...to publish it, and let the people judge...  
...for themselves who it is that has lured...  
...him.

But after all, who are better judges of...  
...what has been accomplished by General...  
...Miles than the people of New Mexico...  
...and Arizona, and the citizens of these...  
...territories have approved and applauded...  
...General Miles' course in the most em-...  
...phatic manner, and if we who have...  
...suffered the most are satisfied we can see...  
...no reason for the administration or any...  
...one else to find fault.

But while on this matter, is not the...  
...treatment General Miles is receiving at...  
...the hands of the eastern press, and ap-...  
...parently, also, from the administration,

very disgraceful? Let us draw a com-...  
...parison. General Sir Garnet Wolseley...  
...was sent by the English government to...  
...the Sudan to "mash the Mahdi." He...  
...encountered a savage foe, in an arid...  
...and barren country, and parched by in-...  
...tense summer heat. He did not succeed...  
...in "mashing the Mahdi," but he made...  
...a good effort, and in consequence, on...  
...his return to England he was made...  
..."Lord" Wolseley, endowed with a large...  
...annual pension, besides being decorated...  
...with orders, crosses and medals without...  
...number, as were also all his officers and...  
...men to a greater or less extent.

GENERAL MILES AND HIS OFFICERS

General Miles and his officers en-...  
...countered in Geronimo a much more...  
...wily and better armed antagonist than...  
...the Mahdi, a country as arid and dry as...  
...the Sudan, and a summer sun whose...  
...scorching rays were as fierce as those of...  
...Africa. His officers and men followed...  
...their wily and tireless enemy through...  
...mountain fastnesses, rugged plains and...  
...waterless deserts with almost superhuman...  
...endurance; from the temperate New Mexi-...  
...can grows to the tropical palms of old...  
...Mexico and back again, till wearied by...  
...the constant harassing pursuit and...  
...without ammunition enough to do any...  
...more fighting, the Mahdi of the Ameri-...  
...can Soudan surrenders. But our Ameri-...  
...can general complies his victory by...  
...crowning it with an achievement still...  
...greater, in moving away the entire hosti-...  
...le tribe, and thus preventing any danger...  
...to this source for all future time.

But where is the triumphal return to...  
...the nation's capital for our victorious...  
...general? Where are the glittering decora-...  
...tions and his medals of bravery, and his...  
...promotion, and also where are the...  
...where are the just rewards of commendation...  
...from his commander-in-chief. Not even a...  
...word nor promotion to brevet rank...  
...comes to such men as Miles, Lawton...  
...and all the other gallant officers and...  
...men who have taken part in this...  
...campaign. Indeed as Mrs. Patton...  
...rightly remarks "comparisons are odious...  
...are odious."—Opinion, Albuquerque, N. M.

From a late issue of the New York...  
...Tribune, at hand, we learn that ex-Gov...  
...McCormick of this territory is a candi-...  
...date for congress from New York against...  
...Perry Belmont the young millionaire...  
...Gov. McCormick when quite young...  
...previous to his coming to this territory...  
...made the race for congress in his district...  
...and despite his youth and the fact that...  
...the district was Democratic by a large...  
...majority was defeated by only a few...  
...votes. The Tribune designates the race...  
...this year as one of brains against money.

RUSSIA IS MAKING PREPARATIONS FOR WAR.

Eastern Pennsylvania is experiencing...  
...a drought.

The health of the Emperor William...  
...is improving.

The czar of Russia recently killed one...  
...of his chamberlains in a fit of anger.

Twenty thousand dollars worth of opium...  
...was seized on the steamer City of Peking...

INDIAN LAND CRABBERS.

We have heard of a great many...  
...absurd propositions in regard to the...  
...treatment of the Indians, but for down-...  
...right nonsense the recommendation of...  
...Gov. Zuliuk in his report to the Secre-...  
...tary of the Interior that 640 acres of...  
...land be set apart for the head of each...  
...Apache family, exceeds anything we...  
...have heretofore heard of. Why should a...  
...barbarous Indian have more than a...  
...civilized white man who is allowed the...  
...privilege of pre-empting but 160 acres of...  
...arable land or of purchasing 640 acres of...  
...desert land, subject to stringent condi-...  
...tions of reclamation, etc?

And who imagines for an instant that...  
...an Apache Indian would cultivate or...  
...care for all of 160 acres?

In Arizona where the proportion of...  
...tiltable land is comparatively small the...  
...recommendation is especially absurd. The...  
...hard working white farmer and rancher...  
...and taxpaying producer of the country...  
...will hardly take kindly to such stuff...  
...and nonsense.

THE ASYLUM CASES, ETC.

There is no final decision yet in the...  
...cases of the Insane Asylum Directors. The...  
...old directors have appealed to the Supre-...  
...me Court of the Territory and if they are...  
...defeated then will go to the Supreme...  
...Court of the United States at Wash-...  
...ington. So far as the Treasurer of Apache...  
...County is concerned, Chat Churchill as...  
...Attorney General advised that Baca as...  
...Treasurer of Apache County was out of...  
...office because he failed to give a bond as...  
...required by law, and he never held that...  
...there was no power to punish or remove...  
...officials guilty of misbehavior or malfeas-...  
...ance in office. There is a vast differ-...  
...ence between the situation of County...  
...Treasurer Baca and the Directors of the...  
...Insane Asylum. Governor Zuliuk did...  
...not remove Baca nor did he take any...  
...steps against the Jail Commissioners of...  
...Apache County, nor the Wagon Road...  
...Commissioners whom it is alleged by the...  
...Courier disregarded the laws creating...  
...them. Why this non-action if Zuliuk is...  
...a reformer? Especially when he has...  
...assailed the directors of the insane...  
...asylum without any cause. There is no...  
...pretense that those officers have been...  
...guilty of any fraud or malfeasance. They...  
...have built the cheapest building ever...  
...erected for public or private purposes...  
...and they have accounted for every dollar...  
...of funds entrusted to them. If Zuliuk is...  
...the reformer he pretends to be, why did...  
...he not remove, or attempt to remove, the...  
...officials in Apache county whom he says...  
...in his organ are bad men, and who, as...  
...he says, violate the law and disregard...  
...their duty?

ZULIUK SOUP.

"Army of clerks."  
..."Commissioners to Expositions."  
..."Pittsburg steals" (of which the Courier...  
...got the biggest slice).  
..."Extravagant appropriations."  
..."Interpreters fund."  
..."Churchill, etc., etc."

While the political harpies who are...  
...fixing up jobs for the 14th Legislature...  
...they hope to control, but!

The refrain has become sickening to...  
...the intelligent citizens of Arizona.

The "Interpreters" fund has been cov-...  
...ered by the Treasury of the U. S.

May be so (?) possibly because the So-...  
...noran expert has quit negotiating or hav-...  
...ing official business with Mexico. The...  
...U. S. probably needs the \$500 and Ariz-...  
...ona's Governor is trying to come from...  
...the economy dodge a la Grover's \$4...  
...pension acts, but look out for him when...  
...the legislature meets! He is trying to...  
...throw dust in the eyes of taxpayers, so...  
...that they cannot see the big grabs he ex-...  
...pects to make then. He has the assur-...  
...ance to expect the taxpayers to meet the...  
...expenses of his Asylum fiasco and the...  
...campaign running done by his...  
..."Organ." Too thin!

These same harpies who do this howl-...  
...ing are the fellows who have done their...  
...utmost to injure the territorial credit...  
...The same falsifiers who declared the ter-...  
...ritorial debt to be \$700,000 without giv-...  
...ing credit for any assets whatever, know-...  
...ing that their statements were wilfully...  
...false. Arizona has no "sympathy with...  
...such demagogues who hope by tradu-...  
...cing others to make undeserved capitol-...  
...al for themselves.

The most of their whining is about...  
...appropriations which they know the go-...  
...vernor could not have vetoed if he...  
...chose; and their slash is to catch the...  
...ignorant only.

They never refer to appropriations for...  
...north and south railroads, stock laws...  
...nor to action which prevented the divi-...  
...sion of counties or the removal of the...  
...capital.

They are astonishingly reticent upon...  
...anything except upon points wherein...  
...they expect to work in a little self-adu-...  
...lation by what Mrs. Parington calls...  
..."odorous" comparisons.

One thing is certain however, their...  
..."stuffs" meets everywhere with the dis-...  
...gust it merits.

Another dose of misrepresentation in...  
...the "Organ" this morning.

The paucity of the people is exhaust-...  
...ed at the lies which are being told daily...  
...about the Territorial administration.

It makes them sick to see how popu-...  
...lar ex-Gov. Trile is with the people.

Gov. Zuliuk claims that he annihilated...  
...and removed from the southwest, Ger-...  
...onimo and his band of Apaches. If so...  
...he again demonstrated the efficacy of the...  
...jaw-bone of an ass, as Sanson did...  
...when he slew the Philistines.—Herald.

How they squeal.

When were the Asylum Directors re-...  
...moved?

What court has said the so-called re-...  
...moval was legal?

Commissioners to Expositions have...  
...caused the investment of hundreds of...  
...thousands of dollars in Arizona.

No appropriations will be allowed for...  
...the payment of attorney's fees in the...  
...Asylum cases nor for printing campaign...  
...pamphlets.

A. C. Baker said it would be non-pro-...  
...fessional for him to withdraw from the...  
...Asylum cases because Mr. Farish went...  
...back on him at Tucson.

Gov. Zuliuk's arbitrary action in the...  
...Insane Asylum matter is costing the...  
...territory a great deal of money. The...  
...asylum has been ready for some time...  
...to receive the patients, but Gov. Zuliuk...  
...refuses to have them kept in California...  
...at a greater cost than they can be main-...  
...tained at Phoenix, not only sending a large...  
...amount of money out of the country...  
...which should properly be disbursed here...  
...but compelling the magnificent asylum...  
...constructed at great cost to remain idle...  
...and unoccupied. And when the legisla-...  
...ture meets he expects to ask an approp-...  
...riation to pay attorney's fees, printing...  
...costs, incident to his arbitrary actions...  
...tooust the legal directors. The tax-...  
...payers should be awake to these...  
...schemes.

The campaign is over. The election...  
...is past. The will of the people as ex-...  
...pressed at the polls will be known in a...  
...few days. That they have acted wisely...  
...we do not doubt. Let the heat and ex-...  
...citement incidental to all campaigns be...  
...now forgotten and buried in the past...  
...and let republicans and democrats alike...  
...put their shoulders to the wheel of pro-...  
...gress and help to develop our indus-...  
...tries. Our railroad is being built. With...  
...its completion to Prescott, our capital...  
...will need increased hotel accommodations...  
...samping and reduction works, electric...  
...lights, new houses in which to domicile...  
...the increased population which is bound...  
...to be here. It will need the united...  
...effort of our citizens of all parties to...  
...stand in together and work for its pros-...  
...perity, that our fondest hopes may be realized.

Editorial and Miscellaneous Items

Bean will carry Cochise county.

Apache county will give Bean 250 majority.

Mark Smith must be lost. Nobody mentions him.

Be sure to vote the republican legis-  
lative ticket straight.

The democrats are trying to work the  
"paster" racket. Look out for them.

They may as well try to make the  
heavens fall as to attempt to down C. C.  
Bean.

What stuff the "organ" publishes this  
morning about the asylum directors  
being ousted.

Governor Zuliuk's organs will have to  
do something besides howl at his pre-  
decessor before they can expect the people  
to take much stock in Zuliuk.

The demagogues are green with malice  
and envy because they are being headed  
off in their schemes to work in improper  
appropriations at the coming session of  
the legislature.

The democratic candidates are flying  
around like chickens with their heads off.  
Messrs. Mulvenon and Herndon left  
Boss Cook to manage the Tip-Top coun-  
ty, and rushed back to the railroad.

You are wasting your substance, gentle-  
men.

Governor Zuliuk will be held to a  
strict accountability by the taxpayers for  
his arbitrary and illegal assumption of  
power, which has resulted in keeping the  
insane of Arizona in Stockton, Cal., at  
great expense for an indefinite time,  
when the magnificent asylum in Salt  
river valley has been long since ready to  
receive them.

The democratic leaders are moving  
heaven and earth to secure the election  
of Mark Smith. Under advice from  
Narcissus Zuliuk and Prosy Farish, who  
realize that Smith's defeat means a re-  
pudiation of their administration, they are  
everywhere swapping the local tickets in  
the county in Arizona to make votes  
for the head of the ticket. The Tomb-  
stone wonders how this kind of work  
suits John Slaughter and the rest of the  
democratic nominees in Cochise county.  
—Tombstone.

The administration of ex-Governor  
Trile was wise, liberal, and tended to  
promote the welfare of Arizona.

When Bean got down south and con-  
tradicted the campaign lies which had  
been circulated against him, the howling  
democracy weakened. They couldn't  
find a single logical argument to bring  
against him.

What troubles the demagogues, is how  
they are to raise money to pay attorney's  
fees and printing bills which they have  
promised to pay in connection with the  
asylum cases. They see the "hand-writ-  
ing on the wall" that they cannot hope  
for an appropriation from the 14th legis-  
lature for such purposes.

Big bluster in the "organ" this morn-  
ing about final judgment in the Insane  
Asylum cases. For the information of  
the few who may be deceived, we will  
say that the cases have been appealed to  
the supreme court of the territory, and if  
necessary they will be carried to the  
supreme court of the United States.

Mining men are beginning to appre-  
ciate the value of the mines of Yavapai  
county. When Tombstone is played  
out (Mark Smith says the bottom has  
already fallen out of the place) and  
other mining camps in Arizona are on  
the decline, this will be the most per-  
manent and prosperous camp in the  
territory. Our ore is of the kind that  
stays, and is of sufficiently high grade to  
work profitably with the improved facili-  
ties which the railroad will bring. This  
is the verdict of the thoroughly experi-  
enced and capable mining men who have  
been lately examining this section.
